

Castaway Selection

Solid, substantial and uncompromising Max-Green quality build: a classic design in an attractive knock-resistant hardwood for long-life enjoyment.

HARDER THAN TEAK

Our hardwood furniture is made from Courbaril, a timber similar to teak but denser thus stronger and extremely durable, lasting in excess of 25 years.

The timber is kiln dried before being machined. All fittings are zinc plated to prevent rusting. Untreated, the wood ages to an attractive silver-grey while an annual coating of preservative will maintain the original warm colourings for many years.

The Castaway selection includes a wide range of sizes and options including fitted weatherproof cushions.

DIMENSIONS & DETAILS

Dining Tables

Round with umbrella hole	1200 diameter × H730	HGC6508
Round with umbrella hole	900 diameter × H730	HGC6510
Folding	900 diameter × H730	HGC6511
Square with umbrella hole	L800 × W800 × H730	HGC6505
Rectangular with umbrella hole	L1200 × W800 × H730	HGC6506
